SOFTWARE SKILLS

Web Development: HTML5 | CSS3 | Bootstrap
Javascript | Wordpress | jQuery | jQueryUI
MongoDB | Express | AngularJS | NodeJS
Ruby | Rails | PostgreSQL | Photoshop

Project Management: Trello | Slack | Git
Agile workflow | MS Office | Open Office
iWork | Pages | Keynote

ACCOMPLISHMENTS

Eagle Scout
Fluent in Conversational Spanish
Organized 3 tours of the Western U.S.
Has performed music on 4 continents

SUMMARY

As a developer with a wide ranging background in Cognitive Science, web design, usability, music, and teaching, I've been able to cohesively translate many seemingly unrelated skills into the world of web development, yielding a concentrated dose of fresh approach, humor, and hard work that I bring to whatever I'm doing.

ABOUT ME

Instruments: Guitar, dobro, clarinet, mandolin
bass guitar, piano, banjo,
pandeiro, cajon, voice, more.
Interests: History, philosophy, languages,
juggling, stir-frying vegetables,
bicycling, hiking, the outdoors

WORK EXPERIENCE

- 2017 | Web Developer • [Pelican Products](#)
Developed multiple web pages to be integrated with the backend php framework and product database. Utilized Html, CSS, Javascript, JQuery, Photoshop, SQL, bootstrap, and php to enhance the Pelican web presence. Reseach and brainstorming of best practices for new and existing UX features.
- 2007 - 2016 | General Instructor • [Language Academies & SMMUSD](#)
Taught classes of all sizes, subjects, and levels. Demonstrated ability to learn and adapt to a new administrative and classroom system in very limited time frames with little guidance. Received consistently good reviews by striving to make classes as productive, meaningful, and enjoyable as possible. Infused a fresh perspective in presence and approach to make learning relatable and fun while juggling competing motivations, disputes, and learning speeds.
- 2006 - 2007 | Web Editor/Programmer • [UCLA Marketing and Communications](#)
Used Photoshop, InDesign, and other programs to create and modify multiple web pages for the MarComm Department at UCLA. Researched and promoted events on UCLA Happenings and coordinated with designers to create and manage an optimal web presence.
- 2006 | UX Intern • [User Behavioristics, Inc.](#)
Used Photoshop, InDesign, and other programs to create and modify multiple web pages for the MarComm Department at UCLA. Researched and promoted events on UCLA Happenings and coordinated with designers to create and manage an optimal web presence.

PROJECTS

GramGram

[MongoDB](#) | [NodeJS](#) | [Express](#) | [AngularJS](#) | [Youtube-Embed API](#) | [Angular Auth with JWTs](#) | [Bootstrap](#)
A platform to enable crowdsourced message enhancement using the MEAN stack and an embedded youtube API. <https://danieltotherescue.github.io/GramGram-frontend/#/>

Roadtrippr

[HTML](#) | [CSS](#) | [JS](#) | [jQuery](#) | [NodeJS](#) | [Express](#) | [MongoDB](#) | [Google Maps API](#) | [Google OAuth](#) | [forecast.io](#)
Utilizes Google Maps API, forecast IO, and MEN stack to combine map and weather functionality. Version control and merge conflict resolution with Github. <https://djam-roadtrippr.herokuapp.com/>

Buskr

[HTML 5](#) | [CSS 3](#) | [Sass](#) | [JavaScript](#) | [Bootstrap](#) | [Ruby](#) | [Rails](#) | [PostgreSQL](#) | [Devise](#)
Full stack app using Ruby on Rails and PostgreSQL with Devise Auth. <https://buskr.herokuapp.com/>

Trivia Hangman

[HTML](#) | [CSS](#) | [Javascript](#) | [Animate](#) | [jQuery](#) | [p5.js](#) | [Canvas](#)
Inspired by Reddit TIL, researched for accuracy. <https://danieltotherescue.github.io/project1/>

EDUCATION

-  2016 | Web Development Immersive • [General Assembly](#)
-  2005 | B.S. Cognitive Science, Specialization in Computing • [UCLA](#)
-  2004 | Spanish Language and Culture • [University of Granada, CLM](#)
